Ashley Norton has expanded the scope of finish offerings for the company’s architectural hardware with a new Hammered Finish. Each piece has unique hammer marks for a rustic, relaxed feel and texture.

The new hammered finish is available for an array of Ashley Norton hardware, including edge pulls and various cabinet pulls, including Urban’s classic and wide-sized pulls, as well as Bauhaus. Hammered hardware is also available in various cabinet knobs, including the Bauhaus Lever Handle. The variety of available styles means there is a range of options for different aesthetics, from traditional and transitional to modern.
