## What's New

### Recessed ceiling cassette uses small design

MITSUBISHI ELECTRIC TRANE HVAC US (METUS) offers the EZ FIT MLZ-06 Recessed Ceiling-Cassette for those looking for the benefits of a recessed ceiling cassette in a smaller design. The EZ FIT ceiling cassette design is effective regardless of ceiling height because of its adjustable airflow. Plus, its auto vane control is capable of adjusting air direction based on a homeowner's comfort needs. EZ FIT is compatible with Mitsubishi Electric Multi-Zone Outdoor systems. ### Laminate designs bring style to cabinetry

WILSONART Interiors is a curated collection of thermally fused laminate (TFL) designs and finishes that bring sophisticated style to the inside of cabinets, drawers and open storage spaces. Inspired by natural woven textures, this collection adds a sense of refinement to both open and closed cabinet storage, dressing spaces from the inside-out with a new level of detail. Wilsonart Interiors offers designs that coordinate with popular styles and allow personal style statements. [wilsonart.com](http://wilsonart.com)

### Decorative hardware combines pulls, knobs

JEFFREY ALEXANDER by Hardware Resources releases its latest decorative hardware collection, Richard. This elegant collection combines pulls with a stately stepped profile and structured soft-square shape and circular knobs that provide an air of modernistic magnificence to any space. Its long, balanced lines are offered in five standard pull lengths and two appliance handles. The coordinating round knob is offered in two sizes, and the collection is available in seven finishes. ### Exterior lights offer endless design options

ACCLAIM LIGHTING introduces Unity to bring a high level of flexibility, performance and refinement to exterior illumination with its Spectrum Five light engine and large aperture Fresnel lens. The advanced Spectrum Five light engine offers saturated RGBAL (Red, Green, Blue, Amber, Lime) color mixing. Unity also delivers a specially calibrated control channel that can instantly match any temperature of white, from 2500K to 8000K, for color and design control. ### Surfacing draws inspiration from California

COSENTINO debuts Dekton SilverKoa, a series that draws inspiration from a journey through California's stunning coastline. As told through Carrara and ivory white marble inspired designs, it marks the first collection to feature the brand's new Quick Cut innovative technology. The performance features of Dekton—such as high resistance to UV rays, scratches, abrasions and water—make the new SilverKoa Collection ideal for both interior and exterior applications.
